

CAREER ACCELERATOR: Advanced Manufacturing Technician

Employer: **CAES**

Educator + WBL Coordinator: **Evergreen Valley College**

Case Manager + Career Advisor: **work2future** (Equus Workforce Solutions)

Project/Financial Manager + Grantee: **work2future**

Funder: **California Workforce Development Board**

For pilot #1, employer-of-record services will be provided by Equus under existing career services contract because of the short advance window. This is one-time approach, as it will not satisfy the requirements of SB 734 and is, therefore, not sustainable.
