Young Adult Programs

Program Mission

The Workforce Innovation and Opportunity Act (WIOA) outlines a broader youth vision that supports an integrated service delivery system and gives a framework through which states and local areas can leverage other Federal, State, Local, and philanthropic resources to support in-school and out-of-school youth.

work2future youth program services increase access for young adults ages 16-24 to opportunities for employment, education, training, and support services to individuals, particularly those with barriers to succeed in the labor force.

Young Adult Program Services

The work2future Young Adult Program creates possibilities for career exploration and guidance, continued support for educational attainment, and opportunities for skills training, such as work experiences, Registered Apprenticeships, on-the-job training, or internships. This program focuses on serving “individuals with barriers to employment”. Funding is available for both in-school youth and out-of-school youth.
