

PG&E PowerPathway.
Delivering Tomorrow's Workforce Today

Your future starts here. 2024 Entry to Traffic Control South Bay, CA

2024 Entry to Traffic Control Program

PG&E's PowerPathway™ is now accepting applications for the [2024 Entry to Traffic Control](#) program in the South Bay— a free and customized, 200-hour pre-apprenticeship and career preparation course that will strengthen your candidacy for roles at PG&E as a Traffic Control Flagger.

Get the training you need

Prepare yourself with the skills you need to be considered for job opportunities in a high-growth industry that offers good salaries and a variety of career opportunities. Coursework includes technical hands-on training, job-specific technical skills, and soft skills training led by PG&E. Traffic control flagger positions at PG&E earn competitive benefits and salaries with several career advancement opportunities.

- Are you mechanically or technically inclined?
- Do you like working outdoors?
- Do you have construction related skills?
- Are you available to work overtime and travel to support emergency events?

If this sounds like you, complete a course interest form today. Women are strongly encouraged to apply! Please note that there is no guarantee of employment upon completion of the program.

Your career pathway to Gas & Electric Operations

PG&E PowerPathway helps people in underserved communities, including women, minorities, and military veterans, prepare and compete for high demand jobs in the utility and construction industries. 87% of PG&E PowerPathway graduates go on to work in the utility-construction industry.

The Entry to Traffic Control program is provided by [work2future](#) with funding from the US Department of Labor through the Workforce Innovation and Opportunity Act, in partnership with PG&E and [San Jose City College](#).
