Delivering Tomorrow's Workforce Today

2024 Entry to Electric Operations South Bay

Your Career Pathway to Electric Operations (Pole and Tower Climbing)

PG&E PowerPathway™ is now accepting applications for the **2024 Entry to Electric Operations** program in the **South Bay** - a customized **8-week program** that includes 320 hours of technical training, soft skills, hands-on construction, pole and tower climbing, and on the job training that will strengthen your candidacy for roles at PG&E in **Electric Operations**.

PG&E PowerPathway™ helps people in underserved communities, including women, minorities and military veterans, prepare and compete for high demand jobs in the utility and construction industries. Over the last three years, 95% of PowerPathway graduates have been hired at PG&E.

Is PowerPathway right for you?

- ✓ Are you a Bay Area resident who is mechanically and technically inclined?
- ✓ Are you comfortable working at heights 100 feet above ground?
- ✓ Do you like working outdoors or in the construction industry?
- ✓ Are you able to work overtime and travel to support emergency events?

Apply online

Complete an [online interest form](#) by **5/26/2024**. Candidates who meet the minimum qualifications and location requirements will be invited to attend an information session to learn more. Priority will be given to candidates living in the South Bay.

Training will take place in **late summer/early fall 2024** at locations in **San Jose, Livermore**, and other **PG&E yards**. There is no fee to participate in the program and no guarantee of employment at PG&E.

All program participants will be required to pass a background check and drug screening.
